The Canyon BPS-5 is your everyday backpack of choice. Looking slick and designed for the city, it will fit your 15.6" laptop perfectly. Not only the laptop, though! With 22L of volume, this backpack can fit a lot of stuff – more than enough to live your day to the fullest. Just put your things into three outside pockets and four internal pockets. The designated laptop compartment will protect your device thanks to the foam cushioning. Oh, and remember to stay hydrated! We have a bottle pocket right there for you. It looks neat, it is weather protected, it has a USB-A port to charge your device – what more can a backpack offer? It will become your daily favourite!
